A large orange circle on the left side of the slide, partially cut off by the edge.

## Project Description/Outline

- ❑ **To discover the relationship and trends of cardiovascular disease with the different variables such as: age, smoking status, glucose level, physical activity, medical history, genetics, obesity**
  - ❑ **With a focus on global and regional audiences**
- 
- A yellow dashed line in the bottom right corner, consisting of several short, curved segments.

# Research Questions to Answer

- ❑ **Risk factors for cardiovascular disease**
- ❑ **What are the correlations between the variables and cardiovascular disease?**
- ❑ **What is the percentage between gender and cardiovascular disease?**

# Datasets to be Used

<https://www.kaggle.com/aiaiaidavid/cardio-data-dv13032020>

# Rough Breakdown of Tasks

1. **Collect data**
  2. **Email corresponding parties for the collection of data**
  3. **Read the recent articles and complications relating the topic**
  4. **Clean data**
  5. **Discover trends and relationships**
  6. **Visualisations, correlation regressions etc.**
-
